Since its foundation, the company danced in numerous places and during events of different nature, whether **large national stages** (national and private stages, MPAA, Studio Le regard du Cygne, Vingtième Théâtre, Grande Halle de la Villette, Halle Pajol...), in **festivals** (Denses journées de la danse, Fête de la danse, Journée Nomades) and in urban or countryside events (Carreau du temple, Centre d'animations Les Halles le Marais, Alter Fashion Week...), **indoor or outdoor**.

Ambition of Danse en Seine is to increase the number performances per season to 20, extend our actions from regional to national. We want **dance to be presented and defended in places of different nature, and for various publics**.
